PALAEONTOLOGY ON THE SOFA™

Join Dr Rob Morrison OA "in the chair" for an entertaining interview style presentation as he poses a series of investigative questions of our guest Palaeontologists.

- Dr Kevin Peterson** Dartmouth College USA
- Scott Hocknull** Queensland Museum
- Dr Gavin Prideaux** WA Museum/Flinders University
- Professor Bob Hill** Head of Science SA Museum
- Dr Jim Gehling** Research Scientist SA Museum
- Professor Alan Cooper** University of Adelaide
- Professor Rod Wells** Associate Professor Flinders University

Palaeontology EXPOSED as seldom seen before as we put our guests under the spotlight!! From Ediacaran "creatures of the slime" and Cambrian explosion to Australian dinosaur and megafauna footprints, extinct ecosystems and climate change.
